ECF SERVICE INTERRUPTION NOTICE - MAJOR SYSTEM UPGRADE

From Thursday, January 12, 2006, at noon, to Thursday, January 19, 2006 at 9:00 AM

You will be unable to view or file documents until the system is restored.

Please be advised the Southern District Court's Electronic Case Filing (ECF) computer system will be out of service during the time period described above. During this time the Court will undertake a major upgrade of the ECF computer hardware and software systems.

The Court is fully aware of the inability of outside parties to electronically file documents during an ECF Service Interruption.

In accordance with the Court's PROCEDURES FOR ELECTRONIC CASE FILING, section 11, if you are unable to electronically file due a technical problem, including an ECF Service Interruption, follow the steps below:

- (a) Do not attempt to file paper documents in electronic cases except for emergency filings (eq. Temporary Restraining Order). The Clerk will be unable to accept routine paper filings in ECF cases.
- (b) Electronically file your document as soon as the ECF system is back in service, and
- (c) Make the record complete by electronically filing a statement explaining why the filing was "late" (you may include a copy of this message). File that statement as a pdf attachment to the filed document.

We apologize for any inconvenience this may cause.
